

Stauf Awards Adleta Corp. 5th Straight Annual Award

MEMPHIS, Tennessee, March 2, 2009 - Stauf Adhesives, USA, announced their "Distributor of the Year" award presentation to The Adleta Corporation, Carrollton, TX, at Surfaces, 2009. Adleta captured the award for an unprecedented fifth year in a row!

The presentation was made by Stauf's owner and President, Mr. Wolfgang Stauf, to Adleta's Chairman and CEO, Mr. Jack Adleta. Mr. Stauf thanked the Adleta Corporation for their Herculean efforts over the past five years, noting that Adleta has significantly increased their business with Stauf every year, has been an early and avid supporter of Stauf's unique WFR-930 Solva-Mastic Adhesive, and has realigned their sales team in 2009 to increase Stauf sales even more.

Mr. Stauf singled out Mr. Matt Hafer, Sr. Vice President, Wood Division, for special recognition. Mr. Hafer has led the Stauf effort within Adleta. His commitment, imagination, creativity and hard work in promoting Stauf for the good of both companies was acknowledged. One of the keys to his success, stated Hafer, was that "Stauf may not always say 'Yes.', but they never say 'No.' They always find a solution that works for both of our companies. That has made all the difference in our growth."

Stauf Adhesives, USA, sells wood floor adhesives and floor preparation products throughout the USA, Europe, the Middle East and South America. Their products include WFR-930 Solva-Mastic, an alcohol-based adhesive that has all the great features of solvent-based adhesives but none of the health and environmental issues. In addition, Stauf's MS Polymer adhesives represent the latest in adhesive technology, providing products superior to urethane adhesives plus the ability to prevent moisture and deaden sound in one application.
